## SUMMARY

---

A Second-year Computer Science and Design student with a passion for creative problem-solving. Eager to contribute my technical skills and innovative thinking to real-world projects. I am an enthusiastic learner and am learning technologies like Java, C++ and also currently exploring the field of Web3.

## PROJECT

---

Artfolio      Working on a project called Artfolio - A platform that aims to showcase, tokenize, and discover art as non fungible tokens (NFTs). It provides artists and creators with the ability to exhibit their artwork in a digital format.

D.E Project

Team Project
